The Mystery and Promise of Fast Radio Bursts

Albert Stebbins

Fermilab Center for Particle Astrophysics

Abstract

The newly discovered phenomena of Fast Radio Bursts is discussed as well as their possible origins. If these bursts originate at cosmological distances then they may provide a tool to probe a variety of different phenomena apart from the bursts themselves.

All are welcome! Tea, coffee, biscuits will be served at 2:15 P.M.

You are welcome to nominate speakers to Weimin Yuan (wmy@nao.cas.cn), Mei Zhang (zhangmei@bao.ac.cn), Licai Deng (licai@bao.ac.cn), Xuelei Chen (xuelei@cosmology.bao.ac.cn), Shude Mao (smao@nao.cas.cn)
